**ABOUT HOSPITALS OF REGINA FOUNDATION**

From the first moment of life, each and every one of us is destined to require treatment or care in a hospital. In Regina, our three hospitals strive to deliver exceptional health care every day. But exceptional care requires exceptional support, and this is where Hospitals of Regina Foundation makes a difference. In 1987, the vision of an inspired group of volunteers helped establish our Foundation. We fundraise and invest in key centres of care in our hospitals to help them deliver the best health care possible for everyone in our southern Saskatchewan community, right here at home. Thanks to our dedicated donors, the Foundation has raised over \$200 million since our inception. Together we will continue to support the critical work of our health care teams and, most importantly, support our community and patients who deserve exceptional local health care.
